Donor Videos

Subject Thank You Bill!

Hello Bill,

I've attached a special video link (click below) that is just to YOU. No one else. I took a few minutes because I want you to know how appreciative I am to have you as a donor at Clark County Food Bank. Hunger is a community issue, and it is addressed when people like you help out. Your generous donation during COVID-19 makes food happen for kids and families. You are meeting a real and true need. Please watch this short video.

Thank you for caring for people in need and expressing that care through generosity and action. I'm so grateful.

Washington Nonprofits is the
state association for
nonprofits in Washington.

Our mission is to make sure nonprofits have
what they need to succeed.

What are your biggest
personnel-related challenges?

Are there areas of HR laws and regulations that you wish you understood better?

Do you have concerns about workplace
safety and health?

(thumbs up, down or sideways)

What specific issues or concerns do you
have? Are you confident you know and are
in compliance with the safety & health rules
that apply to your organization?

Are you aware that the overtime threshold rules have changed and that the minimum below which you must pay overtime to staff will be rising significant over the next six years?

(thumbs up, down or sideways)

Are you aware the changes are also based on job duties?

(thumbs up, down or sideways)

Does your nonprofit have a plan to adjust to the new requirements?

Do you have questions about the workers' compensation program, such as how rates are determined, what to do if someone is injured, how to minimize the impacts of claims on your organization, etc.?

What do you wish you knew more about?

What else should we know to create useful resources, like tools or templates, that you would like to see?

How can we create an amazing “Great Nonprofit Workplace” webinar?

Thank You!
