

## Managed Pollinator Subcommittee Meeting

4/6/20 at 2:30 pm

Via WebEx

Attendees: Katie Buckley, Dave Hunter, Jennifer Short, Janet Gorrell, Paul Hosticka, Sarina Jepsen, Annie Byerly, Tim Hiatt, Laura Lavine, Brandon Hopkins

4.1 There is an ongoing adding of links.

4.2 Dave has not done this yet. Wait on this.

4.3 Tim suggested adding an economic viability component. 4.2 could be made into the implementation of 4.3. 4.3 would then be moved to research.

4.4 Katie will incorporate this into 4.1. There are no current bumble bee species listed in Washington, but it is likely to occur soon.

4.5 This could also be done with an insurance pool or subsidy to an insurance account. Jenifer will talk to Tim about 4.5 feasibility. There might also be other avenues like private crop insurance that they will look into.

4.6 Jennifer will be adding in a honey standard recommendation.
