

Be Ready to Evacuate

You can save the day and protect your animals by having a plan.

Make sure your trucks and trailers are ready to evacuate your animals. Check the tires, and fuel up.

Support

Who can you rely on: are there neighbors and family to assist? Have their contact info clearly posted, and know where you will take your animals.

Fresh water

Make sure animals have plenty of clean fresh water, dry bedding and

Know your route If roadways are flooded, or

blocked, have a back-up route.

DON'T wait, play it safe and leave early.
